3.2. The reasons for which the imposition, maintenance or amendment of obligations on undertakings is considered proportional and justified in light of the legal provision they are based on. Alternatively, indicate the paragraphs, sections or pages of the draft measure where such information is to be found.

According to Article 42 (1) of the Telecommunications Act, the President of UKE may impose, in accordance with the conditions referred to in Article 24(2)(a), by way of a decision, on an operator with significant market power on which an obligation of equal treatment has been imposed in accordance with Article 36, or together with that obligation, an obligation to prepare and submit, within a specified period, a draft reference offer on telecommunications access, the level of detail of which shall be determined in the decision.

Currently, the President of UKE decided that Orange Polska S.A. (OPL) is the operator with SMP on the Market 1/2014. Consequently, the President of UKE imposed on OPL regulatory obligations.

In order to counteract the problems identified on the market, the President of UKE imposed on OPL the following regulatory obligations:

- access obligation – Article 34 (1) and 34 (2) of the Telecommunications Act (Pt),
- non-discrimination obligation – Article 36 of the Pt,
- obligation of accounting separation – Article 38 (1) of the Pt,
- obligation of setting fees for telecommunications access based on the cost incurred – Article 40 (1) of the Pt,
- obligation of publication of the reference offer – Article 42 (1) of the Pt.

The Decision of the President of UKE presented for notification, introduced amendments in reference offer by implementation of Internet Protocol/Session Initiation Protocol network interconnection points. The reference offer is consistent with regulatory obligations imposed upon OPL (described above).

The Decision of the President of UKE approving reference offer does not change the obligations provided for in Article 68 of Directive (EU) 2018/1972 of the European Parliament and

	of the Council of 11 December 2018 establishing the European Electronic Communications Code.
