

Agreement

between the administrations of POL and HNG on the RRC-06 implementation

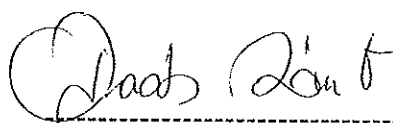

Administration of Poland and Administration of Hungary agreed on the following:

All HNG assignments submitted to the RRC-06 Conference (resulting in the GE06 Plan) with RPC1 planning scenario in the reference planning configuration column (rrc_ref_plan_cfg) will be taken into account as RPC2 for implementation of GE06 Plan.

Geneva, 08.06.2006

Administration of Hungary

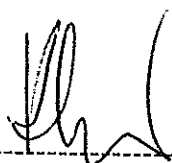

Agreement

between the administrations of POL and HNG on the RRC-06 implementation

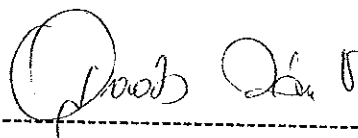

Administration of Poland and Administration of Hungary agreed on the following:

Unless there is other provision for unlinked assignments which are located not further than 25 km from the co-channel allotment they belong to, only protection of the allotment can be claimed. The coverage of the assignment outside the allotment area will not be protected.
